

# CAVALLI CORP

SAFETY IS OUR PATRIOTIC DUTY

## ABOUT US

We believe that the safety of our community should not be not be a luxury, but a requirement. That's why we created the Mad Maxx: an innovative, customizable security barrier designed to protect the community from unexpected threats. Not only is this barrier ram & bullet proof, it can also be designed to blend in with its existing environment to provide safety without sacrificing style.

## CORE CAPABILITIES

### Secure

- Ram-proof; Mad Maxx barriers can sustain any damage done by a vehicle.
- Entirely bulletproof surface
- Resistant to fire & flammable substances (i.e. Molotov Cocktail)

### Multifunctional

- Provides protection to law enforcement & civilians during an active shooter situation
- Used to block streets off
- Temporary installation (relocatable) or permanent installation available

### Aesthetic

- Designed to compliment existing environment
- Custom color options
- Custom design options to match existing architectural design (historical, modern, etc)

### Quality

- Guaranteed color (anti-aging) for life of the structure
- Two tons of materials used
- Safety certified by FEMA standard 530

## PRODUCT INFO

### DUNS

UEI - UZ95NA78QRK3

### Cage Code

7PMMO

### NAICS Codes

561621 - Security Systems  
327390 - Other Concrete Product Manufacturing

### FSG Codes

63 - Alarm, Signal, Security Detection  
99 - Miscellaneous

### US Patents

10161138 , 10385526.  
11028599  
Additional Patent Pending
